

## BRIO BEAUTY

### General Information

#### MICROBLADING & OMBRE'

Micro-blading/Ombre is semi permanent, superficial solution to sparse, over plucked, over waxed and thinning eyebrows. It is ideal to cover scars and gaps, define shape, create an arch and fill in the brows. Micro-blading and the Ombre technique allows us to construct natural looking eyebrows for people with very little or no brow hairs. This procedure is perfect for both men and women. Eyebrow Micro-blading is a manual method of depositing a small amount of ink in the outer layer of the skin without reaching the dermis. The needle used in manual micro-blading is 3 times thinner than the one used in machine, which allows to create very fine, crisp hair strokes that do not blur after healing. The Ombre technique is actually used with a small, light vibration machine and 1 pin needle, this technique also deposits a small amount of ink into the outer layer of the skin without reaching the dermis. Thus giving you a gorgeous, natural semi-permanent brow that will last 12-18 months.

Semi-permanent makeup involves having pigment implanted into the epidermis using a fine needle – similar to a tattoo but the process is less painful, the “ink” used is mineral based and the results are not permanent. Micro-blading will normally last 12-18 months up to 3 years, pending on persons skin and activity.

#### **Micro-blade Cost: \$600**

Includes Initial Micro-blading session and 6 week touch up (two, 3-4hr. sessions)

#### **Ombre Brow Cost: \$600**

Ombre' Brows are normally one session, however a touch-up will be included if necessary up to 6 weeks from completion of first appointment. If touch-up request is after 6 weeks, you will be charged full price of treatment.

#### **Signature Brow (Combo Brow) Cost: \$700**

Micro-blade hair strokes and ombre combined \$700 Normally one session, touch up included if necessary.

Touch ups after 6 weeks will be \$100 and up pending on the length of time between the initial Micro-blade session.

Half of the service (\$300) will be due upon scheduling to hold your appointment, this is non refundable. Questions or concerns please don't hesitate to contact me.

## **Pre and Post Care Instructions**

Please make sure you read the following instructions to assure the best results for your procedure. Pre-Care instructions **ARE VERY** important and designed to limit skin sensitivity and excessing bleeding during the procedure that can result to a poor pigment absorption.

Please plan booking the Micro-blading appointment at least 3 months in advance of any important events, such as Vacations, Weddings, etc..This allows time for healing as well as a Touch-Up Sessions (if needed).

### **MICROBLADING/ OMBRE' PRE-CARE:**

—NO alcohol, caffeine or energizing drinks at least 24 hours before procedure.

—Do not workout on the day of the appointment.

—Do not tan or sun bathing one week prior procedure.

—Do not wax, tint or thread your brows one week prior your appointment.

—No Chemical and Laser peels, Dermabrasion, Mesotherapy, or any other intense treatments, which will cause faster skin cells rejuvenating and cause skin irritation at least 6 weeks prior. Discontinue Retin-A, AHA at least 4 weeks prior and avoid eyebrow area after micro-blading procedure to prevent premature fading.

—No Botox and Filler on forehead ,temple and eye area 2 months prior to procedure. Do your eyebrows micro-blading first and Botox after 4 weeks.

— Do not take Ibuprofen, Aleve, Advil, Aspirin, Niacin, or heavy drugs 48 hours prior to procedure. The only product for aches and pain that will not make you bleed is Tylenol.

— Refrain from the Vitamin E, Fish oil and any supplemental products 48 hours prior to procedure.

#### MICROBLADING/ OMBRE' POST-CARE:

DAY 1: Please wash hands with antibacterial soap before you touching your eyebrows. Avoid washing brows for at least 7 days. Avoid use of washcloth or sponges. If brows get wet Pat dry with a lint free paper towel.

DAY 7: You may gently cleanse brows and pat dry. Start use of BROW ELIXIR Do not overuse ointment. Only apply very thin layer ( rice size amount on each brow).

-Do not suffocate your eyebrows.

-Do not scrub or pick your eyebrows. Picking can cause scarring and pigment loss.

-Do not use any Retin-A, Glycol Acids, Chemical Peels, Laser, Microdermabrasion, Peroxide, Neosporin while healing.

-Avoid direct sun exposure and tanning beds ( 4 weeks minimum). Must use hat if in the sun.

-No sauna, pool, steam rooms, hot showers or bath for 7-10 days.

-Avoid any facials, face or body massage, eyelash extensions, brow waxing for 7-10 days.

-Do not exercise for the first 3-5 days. No heavy sweating for 7 days, NO HOT YOGA.

-Avoid sleeping on your face for 7-10 days.

-NO MAKEUP or skincare on the brows while healing.

-Do not tint your eyebrows for at least 14 days after micro-blading procedure.

**MICRO-BLADING/ OMBRE' IS NOT RECOMMENDED FOR ANY CLIENTS WHO ARE OR HAVE:**
